CLEAR

Southern California — Generally clear this afternoon, tonight and Saturday but with local night and morning low clouds near coast and some afternoon cloudiness over extreme northern mountains; little change in temperature.

SUNNY

Around Town

BY THE TOWNSMAN

Lewis R. Fuller, popular director of Upland's recreation program, takes over as today's guest columnist:

ACTIVITIES OF THE RECREATION DEPARTMENT
By LEWIS R. FULLER

I would like to take this opportunity to thank all of the citizens of this community for the support and cooperation given the recreation department.

SUMMER RECREATION SCHOOL

This program which has been conducted at the Upland Elementary school, closed Aug. 15. The program started with a bang and at the end of the second week a new daily average attendance record of two hundred and seven was attained. Of this group the nursery school claimed fifty, mostly three-year-olds at that. While we didn't keep our high average every week, we have had a daily summer average of one hundred and thirty with approximately five hundred different children taking an active part.

SWIMMING

The swimming program proved very popular, with many children riding the school bus to the Chaffey pool each Monday and Wednesday. Many learned to swim and all kept cool and had fun these two mornings each week.

ARTS AND CRAFTS

A great many boys and girls have taken advantage of the opportunities in craft work during this summer. According to records kept, one hundred and thirty-five different children have made various things during these past eight weeks. The ages varied from six-year-olds to sixteen-year-olds. The second week saw the heaviest attendance, with an average of fifty each day, but as the summer camps opened, families took vacations and days became warmer the attendance decreased. In spite of this, about thirty-five children were regular in attendance throughout the summer. Many of them staying all day every day. The most popular activities proved to be making lanyards, plastic rings, wall placques, and preparing plaster forms for glazing. Other activities included knitting, hand-hemstitching, shellcraft, decorating combs, wrapping jars with broom cord, work with raffia, glazing and wiring, etching metal trays, etching glass, molding clay objects, making bookends, glazing figurines, making pie tin wall plaques, giving a copper effect to plaster placques, finishing jewelry boxes, sawing and shaping plastic rings, making leather billfolds and coin purses.

GAMES

The game room was always a center of activity. With almost every game available, there was no danger of repetitious hours.

The most popular outdoor games were ping pong, croquet, badminton, shuffleboard and softball. The Ramblers, who represent the summer recreation school in the junior league, are a strong contender for first place.

This team is made up of 27 players and will continue to represent the school in the league until the end of the season.

The boys and girls of Upland are a fine group and are worthy of the finest of recreation programs. They and the school's faculty join me in thanking the Upland school district (whose facilities we used) and the City of Upland for helping to make possible a grand summer program.

PARK ACTIVITIES

Thus far our activities in the park have been confined to nightball. We have three leagues operating at the present time. Each league, the A, B and junior, is made up of six teams. These teams in turn are made up of sixteen players. Some of the junior team rosters are made up of as many as thirty players. This gives us approximately three hundred active participants.

The teams are now in the eighth week of their ten-week schedule and to date have played to more than 20,000 spectators.

PARK DEVELOPMENT

Development in the park started with the installation of the lighting system and hauling in tons of dirt from Euclid avenue parkway which was used as fill for the playing field. This was followed by the erection of the backstop and finally the grandstand, which has a seating capacity of nine hundred and thirty-six people.

In the last few weeks the city has paved the two main north to south roads and a comfort station located south of the grandstand is nearing completion.

PLANS FOR NEAR FUTURE

This coming fall and winter will see further development taking place. The planting of grass, installation of playground equipment and establishment of permanent picnic areas have an A-1 priority. Action along these lines

(Continued on Page Three)

Boys Accidentally Shot; One Seriously Injured

Shot through the left lung in the accidental discharge of a .22 rifle at a Parkside home last night, Donald Pow, 12, son of Mr. and Mrs. Oscar Pow, 331 Parkside, is in a "fair" condition today, attendants at San Antonio Community hospital reported this morning.

Pow and Richard Carr, 17, 765 San Ysidro drive, were both struck by a bullet discharged when Walter Adams, 13, opened a closet door at his parent's home, 206 Parkside, while the two youths were wrestling on the floor of the Adams living room. The gun, leaning inside the closet, fell and exploded.

The accident occurred at 4:25 p.m.

The discharged missile entered the Pow boy's body at the shoulder, coursed downward through the lung, and then struck the Carr youth in the right leg, penetrating between the knee and ankle and coming to rest three-fourths of an inch below the surface.

Adams, who was entertaining the youths in his home, told police he went to the closet "to get a rag". He said he caught the weapon as it fell, and that it did not strike the floor.

He said that Pow got up from the floor and ran out onto the lawn where he lay down. Neighbors summoned police and Stone's ambulance was called to take the youths to San Antonio Community hospital.

The bullet was removed from Carr's leg and he was discharged from the hospital after emergency treatment.

IMPROVED

Aided by two blood transfusions, Donald Pow is continuing to make "fair" progress, attendants at San Antonio Community hospital said this afternoon.

Hemingway Sells Fur Salon; To Develop Village

Harold K. Hemingway announced today he had sold the Karakul Fur Farm Salon in Ontario in order to devote his full efforts in the development of the Karakul fur industry through the Karakul Fur Farm Enterprises.

New owners of the salon, a large and attractive retail store on Euclid avenue and B street, Ontario, is the Harrison-Fox corporation. The corporation will not only operate the fur salon but will also act as distributors for all of the Karakul furs produced by Mr. Hemingway's vast organization of Karakul sheep owners.

The sale is effective today. Bernard Harrison and Jack Fox are the personnel of the corporation.

Work will be pushed in the erection of Mr. Hemingway's "Foothill Village" on Foothill boulevard just east of Euclid avenue. In this

(Continued on Page Three)

Temporary Office

Harold K. Hemingway said that a temporary office is planned on the site of his "Foothill Village" to serve as headquarters until his proposed new building here is ready.

"Tame" Atom Bomb Developed As Research Aid, Scientist Reveals

LOS ALAMOS, N. M. (AP)—The development of a "tame" atomic bomb for research into ways to get useful power from nuclear fission was announced today by the atomic energy commission.

Instead of a devastating blast, the toned-down bomb produces a steady output of fast neutrons, needed for experiments to determine what kind of chain reaction is best for practical power purposes.

It is a new type of chain reaction plant or "pile" utilizing high energy neutrons for atomic fission of plutonium. The commission's announcement described it as in a sense "a controlled version of the atomic bomb itself".

Dr. Norris E. Bradbury, director of the commission's Los Alamos scientific laboratory, said the new unit has been in successful operation at low power since November, 1946.

Declaring the reactor gives a more intense source of "fast neutrons" than physicists heretofore have been able to obtain, except during the brief time of the test of the first A-bomb in New Mexico in July, 1945, Bradbury said:

"It is hoped that such a source will make possible the study of fast neutron chain reactions in more detail, and thus be another step toward finding the best type of chain reactor for the production of useful power."

Institute For Local Teachers

A pre-school institute for 44 certificated employes of the four Upland city schools will be held on Wednesday and Thursday, September 10 and 11, according to an announcement by Harold W. Cook, district superintendent of Upland schools.

In previous years a large number of afternoon, evening and Saturday meetings from which teachers might make a selection to comply with institute requirements have been planned. This year, however, institute requirements will be met by attendance at these pre-school meetings plus an all-day meeting to be held during the school year.

The institute programs are being arranged by Mrs. Beulah Wolfe, director of elementary education in the office of C. Burton Thrall, county superintendent of schools.

Glenn Atwood Given Life Membership In Upland Lions Club

In recognition of his outstanding interest in the Lions club here and throughout California, Glenn M. Atwood today has a "life membership" in the Upland club. The first president of the local club and having just completed a term as district governor, the Uplander was awarded a gold life membership card at yesterday's meeting of the club.

Fred E. Draper, first secretary of the club, made the presentation and in doing so reviewed Mr. Atwood's long interest in the local club and in spreading Lionism throughout the state. Mr. Atwood, incidentally, has a perfect attendance record since the local club was established.

Child Hurt In Accident

Possible neck injuries were sustained by a small child involved in an automobile accident in Ontario at 5:15 o'clock last night, according to California highway patrol reports.

Investigating officers said the child, Elaine L. Followell, age 6, was a passenger in a car driven by her father, Basil F. Followell, 30, of Riverside.

Followell, who was driving on California boulevard near Central avenue, told officers a car in the highway ahead of him had stopped, forcing him to stop also. He was struck from the rear by a car assertedly driven by Robert E. Panian, Eagle Rock, pushing him into the car ahead.

ROCKETS OPEN SERIES

The final series of the American nightball league opens this evening at Perris Hill park when the Ontario Rockets and the San Bernardino Prop Room clash in the Shaughnessy playoff.

Winner of the four-out-of-seven series will meet the National league champions in a post-season playoff.

MUSTACHE CUP COLLECTION

The mustache cup, long gone from the American scene, is a collector's item now. Bob Lyons, Kansas City, Mo., boasts one of the largest collections in America. He has 560 which line the shelves of the Lyons home. The owner is pictured above, dusting off a prize item.

STATE FAIR OPENS IN SACRAMENTO

SACRAMENTO. (AP)—Golden sunshine, tempered with autumnal coolness, flooded California's capital today as thousands clicked through state fair grounds turnstiles to gaze at the displayed wealth of the west.

Holiday Monday For Uplanders

For many, many weeks many people look forward to Labor Day and the final "double holiday week-end" prior to the start of school.

And so, Monday will be a big holiday for people in the Chaffey district. In general, retail establishments will be closed from Saturday night until Tuesday morning. Business and industry will be on a holiday. Monday is a legal holiday and as such the banks and all public buildings will be closed. No mail will be delivered.

Everyone is going to enjoy the long week-end—by staying at home or going places.

No local celebration is planned but various attractions in the southland will appeal to some local residents.

NO PAPER MONDAY

The next issue of The Upland News will be on Wednesday, Sept. 3.

In observance of the Labor Day holiday, the regular Monday edition of The News will be omitted.

Slight Change Made In P.E. Bus Schedule

Slight changes in the Los Angeles-Upland Pacific Electric bus schedule are in effect today, Harry Wright, agent, reported.

All the bus runs are affected through a slight delay in the arrival and departure of service.

Name McFadden Chamber Head

I. T. McFadden was elected president of the Upland chamber of commerce in a special board of directors meeting early this afternoon. He succeeds Ellery F. Wright.

C. Dean Miller was named vice president and Joe Seitz was chosen treasurer.

I. T. McFADDEN

The chamber's fiscal year ends with the close of the month and the reorganization meeting today placed Mr. McFadden, Upland merchant and active civic worker, at the head of the community's booster organization.

Hold Inquest

An inquest into the death of Martin Duarte Trujillo, 27, Pomona resident, in a lone-car accident in Cucamonga early Wednesday morning is being held this afternoon at Stone's mortuary.

Driver of the death-car, Frank N. Lopez, 25, also of Pomona, had reportedly been drinking before the fatal accident and was held by highway patrol officers preceding the inquest.

No Threat Of Global War Seen Eisenhower Tells Legion Conclave

Asserts Nation Must Maintain Armed Strength

BY ALLAN FISHER

NEW YORK. (AP)—General of the Army Dwight D. Eisenhower, army chief of staff, told American Legionnaires today he saw no immediate threat of a global war but added that United States armed forces should be strong enough to make an aggressor realize war would "likely be fought over his territory".

The wartime leader of Allied armies said "no great nation is today in position deliberately to provoke a long and exhausting conflict with any hope of gain".

Eisenhower spoke to massed thousands of Legionnaires at the second session of their 29th annual convention in the 71st Regiment armory.

Two other of the nation's top military men, Fleet Admiral Chester W. Nimitz and General Carl A. Spaatz, commanding general of the army air force, also were speakers.

Eisenhower said: "As long as deliberate aggression against the rights of free men and the existence of free government may be a part of the international picture, we must be prepared for whatever this may finally mean to us."

He declared: "I do not want to be understood as seeing a global war as an immediate threat" and added:

"We must so gird ourselves that a predatory aggressor will be aware of the risks he runs and will realize, should he provoke war, it will likely be fought over his territory."

Unification of the armed forces, Eisenhower said, "provides flexibility to meet changing conditions of warfare."

He said the national military establishment, charged with overall supervision of the new defense setup, "makes possible the organization of a comprehensive civil defense, something that assumes greater importance, day by day, as time brings nearer the possibility of quick, destructive blows against our cities and production centers."

CALIFORNIA MAY NOW BE SECOND MOST POPULOUS STATE IN UNION

WASHINGTON, (AP) — California's sunny breath is hot on Pennsylvania's hard-pressed neck.

It's a population race in which the West Coast contender has made such an impressive gain that the Keystone state entry appears to have fallen into a walk.

Census bureau statistics, based on a nation-wide population estimate, indicate that on July 1, 1946, California was trailing Pennsylvania by only 473,023 persons.

On April 1, 1940—Date of the last actual-count census—California was behind by 2,992,793.

If you strike an average for California's growth during the period—about 440,000 a year—you can see that it's possible that California today might be the second state in the union, because it has been a year and two months since the date of the survey on which the census bureau based its recently announced estimate.

At any rate, it's quite possible that Pennsylvania will find herself pushed back to third place when the 1950 census is taken, the probable order being New York, California, Pennsylvania. The estimate indicates that California already has passed Illinois.

CENTRAL VALLEY

Charges California Republic Bloc Failed To Vote Reclamation Funds

SAN FRANCISCO. (AP)—Republican members of the California congressional delegation failed to support the Central Valley project in appropriation battles in the 80th Congress, Democratic Representative Chet Hollifield asserted today in a speech prepared for delivery to the Commonwealth club.

Hollifield said eight Democrats from California supported a move to increase the appropriation from the $6,900,000 approved by the Republican leadership to a compromise appropriation of $13,000,000. He declared nine of the California Republicans voted against upping the allotment and only two Republicans joined the Democrats in battling for more money.

"That may be Republican party discipline, but it was not for the best interests of the State of California," Hollifield said.

The congressman, in reviewing work of the session just completed, scored passage of the Taft-Hartley act, which he said was a "hodge-podge of complicated, punitive legislation which would not accomplish the purpose for which it was intended".

P.E. And City Officials Confer

Four Pacific Electric Railway Co. officials were here yesterday to confer with Upland city councilmen relative to the proposed re-location of the P. E. barracks for section workers.

Plans are being made for the extension of C street from Third to Sixth avenues and the present barracks are on the proposed right-of-way. An effort is being made by the Pacific Electric to find a new suitable location for the barracks and when that is done they can be moved.

The officials came here after several letters had been exchanged over the proposed improvement in the city. While no definite action was taken "progress" was reported.

Representing the city at the meeting in the council chambers were Mayor Eugene G. Nisbet, Paul G. Hottel and John Meek. Pacific Electric Co. officials here were H. R. Searing, Gordon Gould, C. H. Jones and C. Art Sodaberg.

Foothill Village Work Planned

Preliminary preparations are being made for construction of Foothill Village by Harold K. Hemingway on Foothill boulevard and as soon as his plans are approved by the planning commission actual work will proceed, he said today.

A temporary office building will be erected, if approved, to house his office staff pending completion of the "Village". The office staff will move to the temporary structure from the Karakul Fur salon office in Ontario.

Site for the large, beautiful "Village" has been cleared, the area extending from Euclid avenue east to the Joe Seitz service station near Second avenue. In addition to the offices of the Karakul Fur Farm Enterprises, the "Village" will include several stores, available to tenants. A high class restaurant is also scheduled for the building.

To Erect Temporary National Guard Building In Ontario

Plans for a temporary armory to be erected in Ontario for the 224th Regiment of the National Guard were given an official okay this week by the project screening committee of the state public works board.

Site for the proposed structure is a portion of John Galvin park which was donated to the National Guard by the city some months ago. According to Col. Anson J. Smalley, the temporary buildings will be placed on the back of the site to leave room for a permanent building later.

Safety Council To Show Film

"That They May Live", a film on traffic safety, will be shown for members of the Upland safety council at their regular meeting Tuesday evening in the Upland city hall council chambers.

A highly recommended picture, "That They May Live" is being presented by Dwight C. Daniel, co-ordinating traffic safety engineer for San Bernardino county. All members of the council are urged to attend and are invited to bring friends to the showing.

Following a short business meeting conducted by Col. D. J. Rutherford, chairman, and the showing of the film, Mr. Daniel will offer suggestions to council members on the organization of their traffic safety.

List Reveals Total Chaffey Teachers

A complete list of all Chaffey certificated employes has been released by the Chaffey schools today.

A total of 109 teachers, both full and part-time, will teach classes in the high school and direct administration during the coming year, while 61 teachers have been engaged for college classes. Ten certificated employes will teach classes for the Upland branch high school in connection with the Upland junior high school.

French Are "Courageous, Hopeful" Says Teacher Returned From Europe

BY MARGARET YANCEY

A land inhabited by people once blue and disheartened by the after-effects of war but now courageous and hopeful is the picture of present-day France painted by Miss Ella Schmidt, local Elementary school teacher, who returned to Upland yesterday after spending the past two years in France.

A kindergarten teacher, Miss Schmidt went abroad over two years ago under the direction of the Mennonite Central committee and became assistant director at Mont des Oiseaux, a children's home near Wissembourg, Alsace, France.

"Things looked much better in France at the time I left than when I first arrived," relates Miss Schmidt. "The people have cleaned up the rubble left from bombings and the streets look neater and cleaner."

Building Difficult

Working with very limited materials, the people made habitable the portions of their dwellings still standing after the war. Materials for construction, mainly a type of stucco and bricks, are very scarce and it is virtually impossible to obtain materials for the rebuilding of a structure completely destroyed, according to Miss Schmidt.

Among the first things Miss Schmidt noticed on her arrival was the shortage of food. Her first morning in Paris, she recalls, she was served a small, hard roll for breakfast. In the rural areas, however, the food shortage was somewhat relieved. Although meat is still very scarce, the French now are able to obtain a "livable ration".

"Bread is terrible," is Miss Schmidt's brief description of the French bread. A large amount of cornmeal is used, she explains, and children and old people find it difficult to digest.

When the children's home received a shipment of white flour and the children were able to have white bread baked at the village bakery, it was regarded by the French as a form of cake.

The children's home in which Miss Schmidt worked was financed by the Red Cross, the Mennonite Central committee, and various charity and welfare agencies, and was primarily to build up the children. After a short period in which they were fed and clothed properly and their health restored, the children were released to parents and guardians. About 40 children, ranging from two to six years, were cared for in the home.

Scarce

The scarcity of small things, especially pins, needles, thread, elastic and buttons to repair the clothing worn by the children was one of the most annoying shortages, says Miss Schmidt. Soon after her arrival at the home, how-

Slate Musical Programs, Lectures For Presentation To Upland Woman's Club

Programs of informative lectures, special musical groups and fine entertainment will be presented to members of the Upland Woman's club during the coming year.

In an announcement today, Mrs. J. Emery Sargent, program chairman, revealed plans for the presentation of varied and interesting programs through the year.

Among the musical programs will be a presentation by an outstanding violinist, Duci de Kerchjarto, who comes to California this season from New York and is reported very much in demand on the west coast.

Another musical program is to be provided by Phil Kerr and Ralph Platt, who will present a special whistling and piano-playing act.

Dorothy Sales and Arthur Rentson are scheduled to mark a repeat performance with the club when they give a program of Christmas music. Another musical group, the Baronets' male quartet, will furnish the program for men's night.

The Beaux Arts trio and the Lamplighters are two musical groups whose delightful programs of instrumental and vocal music will be heard by members of the Woman's club during the year.

Among the lecturers scheduled to appear is John Vizzard, a member of the Johnson office of the motion picture industry whose message of vital interest is titled "The Movies and Moral Standards."

A lecture on psychology is to be delivered by Dr. Herbert Popenoe of the University of Southern California.

A description of the many phases of life in India is to be given by Indria Devi, a woman who has made her home in India for many years. Another woman, Patricia Vallely, who saw active service abroad during the war years with the Red Cross, will have interesting things to tell of her work and also will give current events when she appears in a program at the Woman's club.

Lt. Col. Ludwig Gerber, a brilliant speaker, will go into the subject of "American Foreign Policy," and Hugh Weston, world traveler, and newspaper and radio commentator will also be a featured speaker.

Included on other programs are Geraldine Larson, who will give a fascinating lecture and demonstration of "Magic," dressed in appropriate costumes, and Grace Bush, who will present a lecture-recital on "Famous First Ladies on Parade."

Mrs. Earl Wenger, who was installed last spring as president of the group, will conduct her first meeting of the entire group when the club season opens on October 14.

Parents Tell Betrothal at Buffet Supper

Mr. and Mrs. Emerson Valentine, 136 North First avenue, announced the engagement of their daughter, Marilyn Ruth, to Lester Howard of Ontario by a surprise shower Wednesday evening.

A buffet supper was served to those attending and during the evening the bride-to-be was presented numerous gifts. No date has been set for the wedding.

Those attending from out-of-town were Mr. and Mrs. M. B. Howard from Okla., Mrs. Mildred Wilson, New York City, Mr. and Mrs. Moore, Okla., Mr. and Mrs. Sutherland of Okla., Mrs. H. Graham and son of Washington, and Mr. and Mrs. G. G. Wilson, Ontario.

Guests from Upland were Mr. and Mrs. Eugene Valentine, Mr. and Mrs. Emerson Valentine, Mr. and Mrs. L. Lottier, Mrs. C. Danner, Mrs. L. Gillespie, Mr. and Mrs. J. Toole, Miss Joyce Gore, and Mrs. T. Ryan.

Tell Betrothal Of Miss McCann To Robert Null

Announcement is being made this week of the betrothal of Rosalee McCann, daughter of Mr. and Mrs. J. Arthur McCann, 267 North First avenue, to Robert Null, son of Mr. and Mrs. B. A. Null, 1777 West Ninth street.

No date has been set for the wedding.

Miss McCann, a graduate of Chaffey high school, is employed at the General Electric plant in Ontario. Mr. Null, also a graduate of Chaffey high school, plans to enter the Aeronautical Engineering college in Chicago this fall.

Mrs. Earl L. Wenger, installed last spring as president of the Upland Woman's club, will preside over her first meeting of the entire group when the club season opens October 14.

Uplander, Pomona Girl Are Wed

Now making their home in Pomona are Mr. and Mrs. William A. Teuscher (Nancy Stickney), whose wedding took place August 16 in Pomona.

Mr. Teuscher is the son of Mr. and Mrs. William H. Teuscher, 1543 West Eighth street. The bride is the daughter of Mr. and Mrs. Walter C. Stickney of Pomona. The young couple are residing at the home of the bride's parents, 631 North Towne avenue.

The couple exchanged nuptial vows in a ceremony at the Trinity Methodist chapel in Pomona witnessed by 150 wedding guests. The Rev. John W. Black read the single-ring rites.

Preceding the ceremony, candles at the altar were lighted by Dana Wood of Claremont. Large baskets of pink and white asters and fern formed the floral decoration for the church. Music for the rites was played by Loran Adair.

Given in marriage by her father, the bride wore a white satin dress fashioned with a short train, round neckline and peplum. Her fingertip veil was held in place by a satin tiara and she carried a cascade of deep pink rosebuds.

Attending the bride as matron of honor, Mrs. Jack Randleman, Rosamond, wore a gown of pink marquisette. Best man was James R. Brown of Lancaster, with Judson R. Stickney and William C. Stickney as ushers.

After a reception in the church parlors, the couple left on a wedding trip to Lake Arrowhead.

Both Mr. and Mrs. Teuscher will return to Oregon State university in December where Mrs. Teuscher will continue her major in education and the groom will study animal husbandry.

A former student at the University of California at Los Angeles where she was affiliated with the Alpha Delta sorority, the bride was employed at the Muroc Army Air field during the war.

Mr. Teuscher, a graduate of Chaffey college and Pomona junior college, served five years in the army, part of that time in Europe.

Santa Paula Girl Tells Betrothal To Howard Rowe

The announcement of the betrothal of a Santa Paula girl to Howard Evans Rowe, son of Mr. and Mrs. Sam B. Rowe, 1455 North Euclid avenue, was made recently by the bride-elect's mother, Mrs. Bernice Teeters.

The bride-elect, Mary Louise Teeters, told the news to a small gathering of friends at her home in Santa Paula on August 16 and a few days later revealed the approaching wedding to her friends and classmates at Santa Barbara by passing chocolates.

Miss Teeters, a graduate of Santa Paula union high school in 1944, attended Santa Barbara college for one year before enrolling in the Knapp college of nursing. She is still a student at the college and will graduate in 1948.

A student of economics and foreign relations, Mr. Rowe has been studying at the University of California at Santa Barbara and will enroll at Claremont Men's college this fall. He served during the war with the U.S. Army air forces, part of the time in Europe.

Marriage Licenses

Licenses to wed have been issued to the following by Judge Fred H. Jacobs:

Russell King Thompson 42, bartender, Pomona, to Dorothy Hellyer Sandrock, 32, waitress, Ontario.

About People

Mrs. L. Gilbreath returned to her home in Texas this week after spending six weeks with her son-in-law and daughter, Mr. and Mrs. Hugh Neely, 765 East Olive street.

Mrs. Essie Hoeffer, proprietor of the dressmaking and tailoring shop at 256 North Second avenue, leaves this week for a month-long trip which will include stops at Richmond, Va., her former home in Ohio, and Hutchison, Kan. Her shop will be closed until her return on October 1.

Mr. and Mrs. John H. Shouse of Washington, D. C., with their children, Henry and Carolyn Jean, are guests of Mrs. Shouse's aunt, Mrs. Amy Wing, 653 West street. Mr. and Mrs. Shouse will leave for Washington on Friday where Mr. Shouse is an attorney. They were accompanied to Upland by Mr. Shouse's father and mother, the Rev. and Mrs. H. M. Shouse of San Diego.

Mr. and Mrs. William Atchley made a hurried trip by plane to Upland from Laredo, Texas, on Wednesday, returning the same night. The Uplanders are on vacation, touring the southern republic and they drove to Texas to get a plane reservation. They returned to Texas Wednesday evening to continue their extended tour of Mexico.

Proud grandparents are Mr. and Mrs. R. Brashear, Ninth street and Central avenue, whose son-in-law and daughter, Mr. and Mrs. Thomas Ford, presented them with a new grandson Wednesday night at 11:25 o'clock. The Fords make their home in Long Beach.

A visitor at the T. F. Brunk home, 327 North Laurel avenue, is Mrs. Brunk's sister, Mrs. Addie Burkholder, and her niece, Lois Burkholder, of Harrisonburg, Va. The Burkholders expect to make an indefinite stay in Upland.

Mr. and Mrs. Thomas W. Harris, 411 East Foothill boulevard, accompanied by their son and his wife, Mr. and Mrs. Thomas D. Harris of Whittier, returned last week after a visit to the former's son-in-law and daughter, Mr. and Mrs. Clarence S. Clementa (Elizabeth Harris), in King's Beach, Lake Tahoe. The group returned home through Tioga pass and Yosemite national park, stopping for a visit with Mrs. Thomas W. Harris' sister, Mrs. Mabel Alberson, in Fresno.

Guests of R. H. Lemen the latter part of the week are Mr. and Mrs. Henry Batchelder and their children. The Batchelders will return to their home in San Diego tomorrow.

Mrs. Tracy Morris, 926 North San Antonio avenue, is at home with her baby daughter born August 17 at San Antonio Community hospital.

Births

McCUTHCHEN—A boy to Mr. and Mrs. Robert M. McCutchen, 105 Granada court, Ontario, at 12:44 p.m., August 27.

HACKER— A girl to Mr. and Mrs. Melvin Hacker, 309 West Grove street, Ontario, 8:55 a.m., August 27.

CORONEL— A boy to Mr. and Mrs. Paul Coronel, 93 Vernon drive, 10:53 p.m., August 27.

SMITH— A boy to Mr. and Mrs. M. K. Smith, 380 Sierra Vista, Cucamonga, 9:09 p.m., August 27.

DANE— A girl to Mr. and Mrs. William P. Dane, 949 East A street, Ontario, 11:43 p.m., August 27.

San Antonio Heights Highlights

By JERE YOUNG

Tuesday evening Mr. and Mrs. Robert Van Ness of West Euclid Crescent were hosts to the San Antonio Heights members of the First Presbyterian church at a barbecue. The members of the committee helping Mrs. Van Ness were Mrs. Arthur Reeder, Mrs. Will Anderson, Mrs. Marion Miller, Mrs. W. A. Oswald and Mrs. H. S. Hoard. Also guests at the barbecue were the pastor Rev. Oakey and Mrs. Oakey and the assistant pastor J. A. Otter and Mrs. Otter and family.

A post card informs us that Mr. and Mrs. Paul Young and daughter Emily Jean and Shirley Jane of East Twenty-fifth have reached Delta, Colorado and are having a gay time fishing although it is a bit chilly.

Mrs. R. G. Manley Hostess To Meeting Of Fidelis Class

The home of Mrs. R. G. Manley, North Euclid avenue, provided the setting for the Methodist church Fidelis class session Tuesday evening.

Following devotions by Mrs. J. A. Betz, a short business meeting was led by the vice-president, Mrs. L. E. Griffith.

Mrs. A. C. Carlyle, introduced by Mrs. H. L. McLellan, was the speaker for the evening and related events of a recent automobile trip she made with her husband and sister.

Refreshments were served by the hostess, Mrs. C. E. Spies and Mrs. W. R. Farmer.

Attending were the Mesdames Farmer, C. E. Spies, D. N. Thompson, D. C. Anderson, B. Howard Engle, E. Armstrong, T. E. Craig, McLellan, G. C. Mitchell, U. S. Standlea, Walter Bailey, Howard Hill, R. H. Marr, Arthur Betz, Lewis Jenison, A. B. Clarke, L. E. Griffith, A. C. Carlyle, Kathleen Sampson, and the Misses Ruth L. Crane, Charlotte Brainerd, Elizabeth R. Fossett and Florence Mehl.

UPLAND'S NEWEST WAR SURPLUS STORE
OPEN SATURDAY, AUGUST 30th
at
184 North Second Avenue 184

Uncle Sam had it and now we have it to sell to you at a great discount.

Too many values to mention . . . we're not fancy, nor is our store, but we have the bargains and you can be sure of good treatment when you come in to see us.

ROBERT H. SIMMS
and
EILEEN NORTHERN
Proprietors

BETWEEN YOU AND US . . .

IT' NOT ONLY HOW SAFE YOU DRIVE YOUR CAR . . .

IT'S HOW SAFE IT IS TO DRIVE.

SAFETY IS A MATTER OF TEAMWORK.

It takes a "Safe" car as well as a safe driver to make a perfect combination. And that's where we can help. Let us check your car carefully to make sure that it's safe to drive. And if it needs repairs or adjustments, let us do the job for you exactly as specified by factory engineers.

HERE'S OUR RECOMMENDED SAFETY CHECK-UP

Brake adjustment, linings, drums, hydraulic connections and fluid.

Steering adjustment, wheel alignment, and steering connections. Stop signal switch, lights and connections.

Windshild wiper and connections, horn, horn button.

Front wheel bearings, headlight, taillights, windows and door regulators.

DRIVE IN TODAY FOR AUTHORIZED SAFETY FIRST

An Appreciation

It has been a glorious experience and a life-long thrill to have established the KARAKUL FUR FARM SALON in Ontario and to have served so many families with fine furs and other high quality merchandise.

We are deeply appreciative of the friendly cooperation, the sincere attitude and the loyal support received from residents of Upland, Ontario and of all the Chaffey district.

With emphasis we express our sincere gratitude for all the many courtesies received during our more than two years as owners of the Karakul Fur Farm Salon.

We know the organization will be in skilled hands and guided by conscientious people. We commend to the community the new owners . . . Jack Fox and Bernard Harrison.

MR. and MRS. HAROLD K. HEMINGWAY

Bolster Europe or Abandon World Freedom Choice Faced By U.S.

Recession Here Could Doom World--Dirksen

By ALEX H. SINGLETON

WASHINGTON (AP) — Chairman Dirksen (R-Ill.) of a special house investigating committee said today Congress must decide next year between bolstering world freedom and abandoning Europe "to husband our strength at home."

The decision, he said, will be made in terms of money.

Dirksen's group, made up of members of the appropriations and armed services committees, was authorized by the house to study both military and economic conditions in Europe and the Near and Middle East. It is one of several similar inquiries either in progress or contemplated.

In an interview which he specified was not to be made public until after his departure, the Illinois law maker declared that it is becoming daily more obvious that:

1. "There appears to be small likelihood of an early intimacy between Russia and the United States.
2. "Our efforts abroad will at times make strange bedfellows.
3. "Freedom and human dignity are an indivisable fabric and to forsake it abroad except for the most extraordinary circumstance may be to lose it at home.
4. "Collapse in Europe is imminent; a sharp recession at home could carry the whole world down with it.
5. "The real responsibility before us at the moment is moral.
6. "Foreign policy will be determined not so much by words, but by a conscious, cooperative effort on the part of labor, industry, agriculture and government to leave no stone unturned to keep the nation strong, serene and prosperous."

French Courageous Traveler Relates

(Continued from Page One)

ever, she wrote to friends in the United States and through them was able to obtain a supply of the needed articles.

When the Uplander first arrived at the home, all the supplies for the home were brought from the village, three kilometers away, by bicycle. The French think nothing of riding 30 kilometers on a bicycle or walking great distances, Miss Schmidt explained.

After she had been at the home some time, an automobile was sent to the home. Since Miss Schmidt was the only one who knew how to drive, she spent a great deal of her time driving to town for supplies.

Roads Poor

The roads are in poor condition, due to the hard usage received during the war. Gasoline was obtainable for the children's home and similar organizations, but the individual citizens were allotted only small amounts of gasoline.

Shortly before her return, Miss Schmidt served as interpreter for a young American who was head of a program to feed German children in the French zone of Germany. Now, back in Upland, Miss Schmidt will return to the Elementary school faculty as kindergarten teacher.

Hemingway Sells Fur Salon

(Continued from Page One)

project will be the headquarters and executive offices of the Karakul Fur Farm Enterprises and also a fur display room.

"In other words," Mr. Hemingway explained today, "All of our efforts will now be devoted to the production of Persian pelts while the Harrison-Fox corporation will act as sales agents and distributors."

"The rapid growth of the Karakul enterprises makes necessary my retirement from active supervision of the sales and distribution of the furs," Mr. Hemingway said. "Men in the Harrison-Fox corporation have had wide experience in manufacture of women's garments as well as merchandising. I can highly recommend them."

Sale of the fur salon marks another important chapter in the spiraling business career for Mr. Hemingway. He established the salon in Ontario a little more than two years ago after having first successfully conducted a fur store here. Now with continued developments of the Karakul industry he has taken the step to center all has taken the step to center all of his efforts in production.

Shady Grove To Meet "Badgers"

Saturday night's softball tilt will feature the highly rated Shady Grove Dairy nine matched against the newly introduced Upland Badgers.

Badger Manager Lefty Landreth will send Vincent Melendrez to the mound to battle either Doyle Book or Orville Bert who will be called upon to shoulder the load for the dairymen.

The Badgers claim one of the strongest free-lance clubs in Upland, consisting of such notables as Bob Sachs who will be perched on the initial sack; Stanley Gunstream, second; Garth Anderson, third; Clyde Francisco stationed at short; B. H. "Brooklyn" Wolfe and Lyle Van Eaton flyhawking the outfield, with Keeter Smith on the receiving end of "Smokeball" Melendrez.

AROUND TOWN

(Continued from Page One)

will be seen within the next month.

It is the plan of the recreation department and the wish of each member of our community to develop our city park into an area of play and relaxation, a spot where an entire family may spend an hour or an afternoon of rest or entertainment. This will take time, but we have made our start and are moving ahead to our goal.

The Bear Is Not Hibernating

One of the Russian proposals at a recent so-called peace conference, was that all armies be completely disbanded, and all navies and war material destroyed. The conference was so flabbergasted that it was at a loss to know how to proceed, and concluded by declaring the proposal out of order and proceeded along the usual hypocritical lines.

From that moment the Russians turned in the other direction, and though they still talk peace, they are preparing for war on the greatest scale on which any people have ever made ready for a great conflict.

There is now compulsory military training for the whole of the able-bodied population. Full mobilization would bring together a force of 12,000,000 trained and partially trained men. The equipment of this huge force is improving every day. The air force is organized into 100 groups, and the actual number of planes has not been made public.

The Russian military strategy seems to indicate that the Reds expect an attack through the Baltic states. They are anticipating a war in which all the capitalistic states will be arrayed against the Soviet order. And in the preparation of their plans, the Reds enjoy the benefit of some of the best engineering talent of the world.

Sooner or later the secret of the atom bomb will be revealed to the Russian scientists. It must be remembered that the atom bomb is not necessarily an air-borne weapon.

Soviet agents, if they so desired, might easily plant atom bombs in every strategic city and point of the U.S., pre-set to explode at a given time, and wrecking American industrial and military centers before another shot is fired.

These may well be things to bear in mind during our heated discussions concerning world disarmament, and starry-eyed gestures toward world peace at the expense of placing the U.S. in a vulnerable position.

WHY LINE UP?

No need to get restless, hot and bothered standing in line--when you can keep your checking account in order by mail.

THIS LIFE WE LIVE . . . .

By JAMES V. LATIMER

By JAMES V. LATIMER

Monday will be Labor Day, and no one will be working but me. I have had no vacation yet, and have had to listen patiently while you told me of yours. I did not believe all your stories, but they were good and I enjoyed your telling of them. I even looked at your kodak pictures with interest. Congratulations on being able to get away for a few weeks. Vacations must be fine.

In Upland the other day I found a store closed and a sign on the door reading, "ON VACATION. BACK ABOUT SEPT. 8TH". How fine it must seem to be a businessman with no worries, and just to close up the shop and get away! I wish I could do that. But newspaper work and time just go on forever, it seems. Yet watch me along about November; I feel sure I shall get away them.

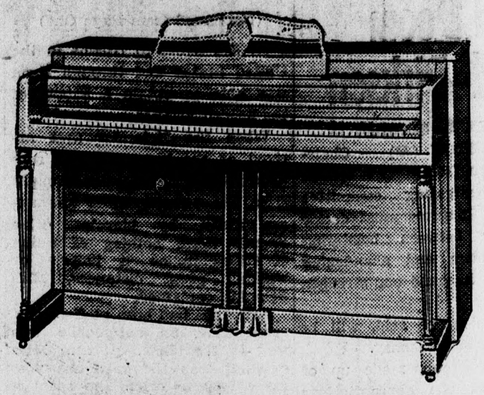

But why no vacation? It is because I have been VACATING. Pomona College needed my house and persuaded me to move out. That may have been a mistake on my part, because it meant a lot of work. There should be a law on our statute books requiring every family to move once in five years. Then the junk could be weeded out, old photographs burned, and a general housecleaning take place. It has been hard work, with long hours and many problems. But the Penthouse is fine, convenient and adequate, so I am content.

Then wait until I return from my delayed vacation! I shall corner you, inflict you, show you pictures, and pester you with details—unless you see me first. Up to this hour I have only been VACATING, so ask you to bear with me if I grow enthusiastic later on. A good week-end vacation to you, and a safe Labor Day. Sincerely yours, for better vacations.

Farmers Said In Minority Now

FRESNO, (AP) —Rapid increase of California's urban population resulting from migration to the state is forcing agriculture into the status of a minority economic group in terms of numbers, President Ray B. Wiser of the California farm bureau federation stated here

why be content with any piano when you can own a genuine

Handsome styling and exquisite wood grains are but outer signs of quality. Look *inside* for the inbuilt quality which makes for rich, round tones . . . feathertouch control . . . room filling volume. The Lester Betsy Ross Spinet is the result of years of piano building experience . . . 59 years of building finer pianos! See this magnificent Spinet . . . you'll not be satisfied with any other.

KARAKUL FUR FARM Salon

Announcing

CHANGE OF OWNERSHIP

TO

Harrison-Fox Corporation

A PERSONAL MESSAGE

Experienced Men

In order to enable the owners and manager of the KARAKUL FUR FARM ENTERPRISES to devote their full attention to the production of fur and the development of the Karakul sheep industry, we are today announcing that we have sold the KARAKUL FUR SALON at Euclid avenue and B street, Ontario. The new owner is the HARRISON-FOX CORPORATION. Proud of our record in Ontario and throughout the southland and the nation, we have carefully selected our successors. We commend them to you.

THE HARRISON-FOX CORPORATION will not only maintain the fur salon in Ontario but will also serve as exclusive agents in the marketing, wholesale and retail, of PERSIAN KARAKUL AND BROADTAIL PELTS produced by Karakul Fur Farm Enterprises.

A bigger opportunity than ever is ahead for purchasers of fine furs. The Harrison-Fox Corporation, made up of men long experienced in the manufacture of wearing apparel, and in merchandising, will devote their full time and energies in the manufacture and distribution of KARAKUL PRODUCTS and women's wearing apparel. In addition to the beautiful, centrally-located store in Ontario, the Harrison-Fox Corporation will maintain a fur show room in the "FOOTHILL VILLAGE" to be erected soon in Upland on Foothill boulevard a short distance east of Euclid avenue.

by

Harrison-Fox Corporation

Next Week

KARAKUL FUR FARM Salon

ONTARIO

Our Plans

As part of a long-range program in the full development of the Karakul fur industry, we will soon have under construction "FOOTHILL VILLAGE" on busy Foothill boulevard, a short distance east of Euclid avenue. This architecturally beautiful structure will serve as headquarters for the KARAKUL FUR FARM ENTERPRISES and from it will be directed with greater vigor the great Karakul fur industry.

The Harrison-Fox Corporation will handle the distribution of the PERSIAN LAMB PELTS through the Karakul Fur Salon in Ontario and through a display office in our FOOTHILL VILLAGE. In other words, we will devote our full attention, from now on, in the production of furs. A big industry with a bright future, the outlook ahead is exceedingly appealing . . . and before many months we will have completed in Upland a beautiful center and executive offices for the KARAKUL FUR FARM ENTERPRISES.

Many chapters have been written in a few short years in the local development of the Karakul industry. Many more interesting and profitable chapters lie ahead.

We are deeply appreciative of the fine support and keen interest shown in this district by so many people, here and throughout the nation.

Expect Record Attendance As School Opening Nears

Entering Class At Junior High Largest Ever

With record enrollments expected, the Upland city schools are preparing today to welcome pupils for the beginning of the fall term September 15, with advance registration set for Friday, September 12, Harold W. Cook, district superintendent said today.

"All Junior High school students are asked to register at the school between the hours of 8 a.m. and 4 p.m., Mr. Cook said. At that time, pupils will be given locker assignments, state series textbooks and room schedules, he added.

Principal Ernest R. Camfield, who will conduct the registration, said today he has 363 pupils partially registered, and sees a probable enrollment of 375, "a few more" than last year.

"The seventh grade class this year totals 140, the largest in school history," he said. So far, 116 are slated to enroll in the eighth grade and 107 in the ninth.

In order to minimize opening day confusion, all parents of first grade pupils at the Upland elementary school are asked to register their children at the school on the same day and between the same hours as junior high students.

Age requirements for first grade registration were outlined by Mr. Cook as follows:

Pupils who will be six years of age on or before March 1,1948 may enter the first grade on the opening of the current school year, September 15.

Registration of pupils at the Upland Elementary school will be under the direction of Miss Jessie Brown, principal.

Kindergarten pupils at the Elementary and 18th street schools have been previously registered.

Urges U.S. Take Over Ruhr Mines

WASHINGTON (AP) — Rep. Kelley (D-Pa), describing coal as the key to European recovery, proposes that the United States take over the German Ruhr mines from the British and "get the coal production job done."

Back from Europe, where he attended the recent international labor conference, Kelley also told reporters:

1. There is "a good deal of fear" of a new war and "I don't see how things can go on indefinitely there without leading to conflict. I feel Russia doesn't want war but is promoting our failure over there, hopeful we will pull out so they can move in. For that reason "we can't pull out."

2. The Marshall plan for European aid would go a long way toward answering the problem of restoring the economy.

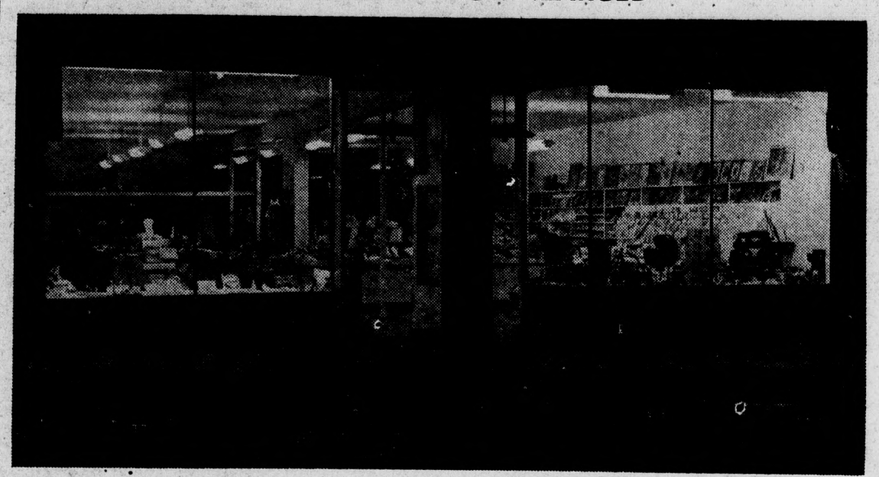

Service Officer Offers Vets Aid

Veterans who have lost their terminal leave bonds or who have discovered errors in the computation of the amount of leave pay to which they were entitled were offered assistance today by Leo J. Murphy, assistant county service officer.

Mr. Murphy suggested that veterans take steps to obtain replacement of lost bonds or correction of errors even though they do not desire to turn in their certificates for cash after September 1, effective date of a new federal law permitting redemption of the bonds.

Those wishing to contact Officer Murphy will find him at his office at the local Red Cross headquarters on South Euclid avenue. He will be glad to assist all veterans and their dependents who desire assistance in connection with terminal leave pay, as well as other veterans' rights and benefits.

McFADDEN'S STORE BUILDING IS ENLARGED

This is a night view of the enlarged and improved store building occupied by McFadden's store at 264 and 270 North Second avenue. A formal reopening of the store will be held tomorrow with a free gift offered to all women visitors.—Photo Southland Pictorial.

Ontario Field To Get New Hangars; Council Delays Installing Lights

"The present field lights are useless," so declared Leo Dorney, P.O.A. official, who appeared before the city council Tuesday night to request adequate airport lighting for the airline's big ships which are obliged to set down on the field after darkness. According to Dorney, the company's pilots are largely dependant upon illumination from the city lights, and traffic along the highways to find the field at night.

Dorney expressed appreciation for the contact lights already on order for the field, and emphasized that P.O.A. did not wish to make any unreasonable demands, but pointed out that the airport required more adequate lights and a radio range to get the ships down to the field where they could use the contact lights.

George Sanford, airport manager, stated that contact lights are good only for contact landing with good visibility.

Councilman Ralph Arnold opposed an immediate lay-out of cash for further lighting on the grounds that new hangars are the primary need at the field now. It is Arnold's opinion that the coun-

(Continued on Page Six)

McFadden's Ready For Store Opening

Its remodeling and enlarging watched with keen interest by many local people for several months, McFadden's enlarged store will be opened tomorrow

Mr. and Mrs. I. T. McFadden, proprietors, today cordially invited the general public to view the enlarged store tomorrow. Located at 264 and 270 North Second avenue, the store has twice the floor space that it had when Mr. McFadden first entered business a few years ago.

Steady increase in business and a gradual addition of lines of merchandise made necessary the enlarged floor space. Eight years ago Mr. McFadden began business here at 264 Second avenue. A little more than two years ago he expanded into the adjoining building at 270 North Second avenue. In the current alteration just completed, the wall dividing the two buildings was removed and a new large glass front window was placed to include both addresses to make an imposing appearance. New lighting fixtures, counters and other equipment were placed to provide better displays and to accommodate a larger and greater variety of stock.

Harry Cooley was the contractor in charge of the alterations.

Hannegan To Decide On Retirement

WASHINGTON (AP) — Postmaster General Hannegan said today he probably will decide in the next two weeks whether to resign as chairman of the Democratic national committee.

Hannegan told a reporter his blood pressure is now normal and he wants to keep it that way. He thus indicated that if his doctors say he should slow down he will give up the more strenuous of his two posts—the part chairmanship.

THIS PINOCHLE GAME DIDN'T SETTLE A THING, COUPLE TELL COURT

CLEVELAND. (AP)—A 1,500-point pinochle game between a quarreling husband and wife—designed to settle a question of divorce — didn't settle anything, the couple told common pleas judge Burt W. Griffin.

Mrs. June H. Weiss, 34, charged her 30-year-old husband, Seymour, reneged on his promise not to molest her after he won the game.

The husband, in turn, charged his wife, mother of their three small children, refused to dismiss her divorce suit against him as she had agreed to do if she lost at pinochle.

Mrs. Weiss said her husband had agreed not to contest the divorce action if he lost.

This is the story as told Judge Griffin by Mrs. Weiss' attorney, Morris Morgenstern:

"Although the husband won, he chased his wife and when he was unable to catch her, he wrecked the furniture and broke windows. He jumped into his car and drove it into the side of the house, knocking off part of the back porch."

Mrs. Weiss seeks a petition to restrain Weiss from molesting her, saying she had no real intention of bargaining her affections at the riffle of a pinochle deck.

Veterans Urged To Learn Rights

Unemployed or self employed veterans are urged to study their rights under both the servicemen's readjustment act and the California unemployment insurance act, it was emphasized today by the officials of the Department of Employment at 219 N. Sultana avenue.

Many veterans now have rights under both acts, and it is becoming increasingly important for such veterans who become unemployed to consider the expiration date of their rights under both programs, if they are to be assured of maximum protection under the two systems.

Both types of claims are filed through the local offices of the California State Department of Employment, and the personnel of such offices will explain the differences with respect to the amount payable, duration, and expiration rights.

World War II veterans of California who were discharged prior to July 26, 1947, will have until July 25, 1949 to draw their allowance. Veterans discharged after July 25, 1947, will have two years from the date of discharge to draw.

NAMES MINISTER

WASHINGTON (AP)— President Truman nominated Rudolf E. Schoenfeld of the District of Columbia to be minister to Romania.

New Speed Regulations On A Street

In an effort to enforce travel regulations more rigidly new speed limit signs have been erected by the state highway department on both east and west A street.

The new signing of the highway extends speed controls about 14 blocks, seven blocks farther than present zones at both the east and west approaches of A street and covers a stretch of about two miles through the city.

Entering Ontario from the east the 35-mile zone now begins 300 feet east of Comet avenue; the 25-mile zone at Virginia avenue and running to San Antonio avenue; and the 35-mile zone again from San Antonio to the 1400 block. The same divisions prevail for east-bound cars.

Bank Clearings Show Increase

Banks in Ontario cleared $3,935,736.42 with totals for last year amounting to $3,727,474.46. Upland bank figures show $1,781,955.97 with figures for the corresponding week of last year showing $1,584,659.90.

ABOUT PEOPLE IN ONTARIO

Mrs. Joseph Merriam and son, Roger, former Ontario residents, now of Alhambra, were visitors in Ontario on Saturday Mrs. Merriam will be remembered as the former Isabel Rogers.

Walter Echols, Riverside drive, is home following a vacation trip of six weeks' duration, during during which he visited relatives in Indiana and Colorado.

Mrs. Myrtle Sell, 428 West F street, is vacationing at Laguna Beach with her daughter, Mrs. Hurbert Swim, and daughters, Sara Jane and Susie, 133 Bonita court, who are vacationing at Laguna Beach.

Mrs. Martha Jacobs and daughter, Cherie, 209 East F street, are home following a week spent vacationing at Laguna Beach.

Mr. and Mrs. Delmar Fox of Los Angeles were recent visitors at the home of Mr. Fox's parents, Mr. and Mrs. Ira H. Fox, 882 East Riverside drive, Chino.

Ontario women who attended the summer conference of the San Bernardino County Federation of Women's clubs held Friday at the Arrowhead Springs hotel were Mrs. R. J. Sorensen, president of the Ontario club, and Mrs. E. O. Lee, Mrs. J. B. Southwell, Mrs. Frank Mogle and Mrs. Robert Walker.

Mrs. Ross Cattle and daughter, Rojean, and Mrs. Beatrice Allen and son, Dickie, all of Chino, are spending the wek vacationing at Newport Beach.

Recent guests at the E. W. Parks home at 616 North Vine avenue have been her two sisters, Betsy Ross and Eunice Gibson, both of Long Beach; Charles Doeser of Chicago, and Frank Sullivan of Honolulu.

Mr. and Mrs. Bud James and daughter, Kay, of San Diego, are visiting at the home of Mr. and Mrs. Jack Frady, of Ramona Bell Rancho. Mrs. Frady and Mrs. James were school companions at Ewing, Nebraska, high school.

Iona Hamilton and daughters, Shirley and Anita, 524 West D street, and Mrs. O. F. McKone, of Ontario, are back home following a week spent vacationing at Catalina Island.

Miss Maude Peoples and Miss Clara Perrin are back home following two weeks spent vacationing in Mexico City. They flew both ways and report perfect weather on their trip. Besides Mexico City they visited in Pueblo, Taxco and Toluca.

Mr. and Mrs. Charles and son, Dudley, 320 North Seventh avenue, Chino, are enjoying a two weeks' vacation trip to Yellowstone national park, Lake Louise and other interesting points in the north.

Of interest to Ontario residents will be the announcement of the birth of a son to Mr. and Mrs. H. E. Baker, Jr., of Monrovia. The new arrival has been named Britt Eugene and he arrived last Thursday evening at St. Luke's hospital in Altadena. The mother is the former Mary Jane Gillen of Ontario. Maternal grandparents are Mr. and Mrs. Charles J. Gillen of 208 West E street.

Mrs. R. M. Wagner has returned to her home in Chino following a vacation trip which took her to Salt Lake City, Utah, and then to Berkeley, Calif., where she visited with her sister, Miss Ruth Johnson.

Mr. and Mrs. M. L. Kaplan, former Ontario residents, were recent visitors here. Mr. Kaplan is the former owner of the Rose studio of photography. The Kaplans are now residing in Los Angeles.

Mrs. George Peters, 968 Rosewood court, is at home with her baby son, born at San Antonio Community hospital. Also home from the hospital is Mrs. Earle Diebold and son, 765 West A street.

Mr. and Mrs. K. T. Heinauer and daughter, Betty, 203 South Central avenue, Chino, are vacationing in the High Sierras.

Cecilia Decker, daughter of Mr. and Mrs. Fred Decker, Magnolia avenue, will return this fall to U.C.L.A., where she plans to continue her work in history. Miss Decker, who is a Chaffey college graduate, was graduated last June from the university with a Bachelor of Arts degree in history.

Mr. and Mrs. Murrie D. Leighty, 375 Oak street, Chino, are the proud parents of a son, David Murrie, born August 18 at the Park Avenue hospital in Pomona.

Expected to arrive here this week are Mr. and Mrs. Joe Phillips of Dallas, Texas, and Mr. and Mrs. T. J. Daugherty of Fort Bliss, Texas. They will visit the home of Mr. and Mrs. J. J. Kraml, 412 West H street. Mr. and Mrs. Phillips are the parents of Mrs. Kraml while Mrs. Daugherty is Mrs. Kraml's sister. They are motoring to Ontario for the wedding of Jean Kraml and Robert Walker which will be solemnized Saturday evening in the Westminster Presbyterian church.

Mr. and Mrs. George Mickel, Ely and Grove, Ontario, enjoyed a visit from their son and family, Dr. and Mrs. Arthur Mickel and children, Eugene, John and Karen, all of Lindsey, Calif.

Attending the recent 40 and 8 convention at Fresno from Ontario were Joe Simpson, Llye Arnold, Jim Galanis, Jim Hays and John Pennington. Attending from Upland were Harry Plum and Mr. and Mrs. Earl Marsh.

The Paul J. Drewrys have moved from 858 East Fourth street to 331 East I street.

Mrs. G. D. Tepfer, 219 West State street, is at home with her son born at San Antonio Community hospital.

Mr. and Mrs. Melvin Burkhart, former Chino residents and now of Salem, Oregon, were recent visitors in Chino.

Mrs. Dale Beeler, 330 West Belmont, returned home Monday accompanied by her baby daughter born at San Antonio Community hospital.

The B. H. Hawes family are now living at 905 Elma street having moved from 1360 East D street.

The Wayne W. Shillings are now residing at 288 East F street having moved from 312 West Maitland street.

Mr. and Mrs. J. M. Petrel and daughters, Mary and Betty, arrived in Ontario from Burgettstown, Penn., and are residing temporarily at 943 Granada court. They plan to make their home in Ontario.

Mr. and Mrs. J. B. Pinney and family of 124 Granada court, are on an extended vacation in Whitefish, Montana.

CHURCHES ★★★ RELIGION ★★★ SERMONS

WEEKLY FEATURE BRINGING COMPLETE COVERAGE OF ALL RELIGIOUS NEWS IN UPLAND

Finish Church Alterations

"The Need of a New Song" is the topic of an address to be delivered by Dr. Rufus W. Oakey to the joint ongregations of the First Presbyterian and of the Upland Methodist church Sunday morning at 11 o'clock.

This Sunday's services will mark the close of the summer union worship services of the Methodist and Presbyterian churches which have been held during July and August in the Methodist church while alterations were being made to the Presbyterian building.

According to Dr. Oakey, the Presbyterians will again meet in their church on September 7 and the alterations are expected to be near completion at that time. Work is continuing daily.

Among the changes are the installation of a new heating and cooling system, construction of a second stairway from the vestibule and the balcony, remodeling and installation of new pews in the balcony, new lighting in the sanctuary, and provision for additional classrooms.

New carpeting for the church has been ordered and will be laid as soon as it arrives, according to Dr. Oakey.

Londoner To Speak Wednesday Night For Salvation Army

Commissioner Edgar Dibden of London, England, International Salvation Army leader and member of the Army's world executive council, will address a public meeting in Los Angeles Wednesday evening, Sept. 3, at 7:30, in Congress hall, 832 West Ninth street.

Commissioner Dibden, who is visiting the United States for the first time, will inspect Salvation Army facilities and personnel in Southern California, and will conduct a private officers' council on Wednesday afternoon in addition to his public meeting Wednesday evening. Lieut.-Colonel Russell E. Clarke, Southern California head, will introduce the speaker.

"Pool of Bethesda" Provides Topic For Heights Address

"The Pool of Bethesda" will provide the sermon topic for the Sunday morning address by the Rev. James S. Cook, pastor of the Bethany Union church, San Antonio Heights, at 11 o'clock.

An expository message from Revelations, chapter seven, will be delivered during evening worship period at 7:30 p. m.

Ask Upland Man to Speak In City

Lloyd E. Ellis, minister of the Upland Church of Christ, has been invited to speak on the Fellowship of Unity program to be held at the Figueroa boulevard Christian church, Los Angeles, September 2, 3 and 4.

Mr. Ellis is to speak on the subject "The Basis of Unity", on Wednesday evening, 7:55 o'clock. Other speakers of this section include S. E. Witty of Ontario and Seth Rehkop of Pomona on the topic "God's Word Concerning Worship Through Singing".

Other speakers from surrounding towns are to be heard during the three-day meeting. Open forums are scheduled for morning and afternoon sessions Wednesday and Thursday.

"Christ Jesus" Christian Science Lecture Topic

"Christ Jesus" will be the Sunday lesson-sermon subject in the Christian Science church, Ontario, for services at 11 a. m. The golden text is from John: "God sent not His Son into the world to condemn the world, but that the world through Him might be saved."

A Scriptural citation from Isaiah reads, "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined." Jesus says in John's Gospel: "He that believeth on Me, believeth not on Me, but on Him that sent Me . . . I am come a light into the world, that whosoever believeth on Me should not abide in darkness . . . Thomas saith unto Him, Lord, we know not whither Thou goest; and how can we know the way? Jesus saith unto Him, I am the way, the truth, and the life: no man cometh unto the Father but by Me."

Nazarenes Attend Camp Meeting In Pasadena

No evening services will be held Sunday at the local Church of the Nazarene, according to the pastor, the Rev. W. H. Burton.

Many members of the congregation will attend instead a camp meeting being held in Pasadena, at the District Memorial auditorium.

During the morning worship service, 10:30 o'clock, the Rev. Harold Lane of Klamath Falls, Oregon, will be the guest speaker.

SPEAKS IN CITY

Lloyd E. Ellis, new minister of the Upland Church of Christ, has been asked to speak on a Fellowship for Unity program in Los Angeles September 2, 3 and 4.

Mr. Ellis' talk, titled "The Basis of Unity", will be the exposition of I Corinthian, 1:10-13. His address will be heard Wednesday evening, 7:55 o'clock. The program is to be held in the Figueroa boulevard Christian church, 455 West 67th street.

"Tradition, Habits" Topic Of Address At Methodist Church

Another sermon in the series of "Problems That Pilfer Your Power" will be presented by the Rev. William A. Hulet, pastor of the First Free Methodist church, Sunday morning at 10:50 o'clock. Topic of the Sunday address is "Tradition and Habits".

The young people's class will have charge of the worship service at 7:30 p. m. to be preceded by a quarter-hour of organ meditations by Sheldon Taylor.

Salvation Army Women Hold Fifth Annual Encampment

Several hundred Salvation Army women will square off at the high cost of living and other problems at the fifth annual encampment of Salvation Army Home League members which meets at the Redondo Beach camp Wednesday, September 3rd for three days under the chairmanship of Mrs. Lt. Col. Russell E. Clarke of Los Angeles.

Mrs. Col. C. E. Bates of San Francisco will be principal speaker and guest of honor.

Agenda for the conference includes discussion of current budget problems in the low income bracket, and ways and means of assisting low income families in meeting the high cost of living.

"There is more than one way to prepare a nutritious menu for a family without overspending the family budget," Mrs. Clarke said. "We propose to learn every possible short-cut in the purchasing and preparation of food so as to give the greatest amount of nourishment at reasonable cost.

"Salvation Army mothers are cognizant of the purse-string tightening trends due to reduced payrolls, unemployment and high living costs, and we are out to do everything possible to educate home-makers in delivering the knock-out punch to the high cost of living," the Army leader declared.

Dr. Frank Bailey, Southern California educator, will address the convention on Thursday afternoon, September 4, at 2 o'clock at the Redondo Beach camp.

Foursquares Mark Third Church Year

Celebrating the third anniversary of the organization of the Upland Foursquare church, members of the congregation will gather at the church Sunday for special services.

The co-pastors, the Rev. Lewis Johnson and Mrs. Beulah Johnson, have revealed plans for the anniversary program, which opens with morning service, 10:45 o'clock, under the direction of the Rev. Floyd Wood. During the morning rites a service for the dedication of babies will be held.

New members are to be received into the church at an afternoon service, 2:30 o'clock, the Rev. Randell Zelmer officiating. Kelly Griffith will be in charge of the young people's meeting at 6:30 o'clock.

Evangilistic services at 7:30 o'clock by the Rev. Harold Wood of Muncie, Ind., will be concluded with water baptismal rites.

Bishop Wagaman To Deliver Address At Brethren Church

"God's Ability to Deal With Man" has been announced by the Rev. Riall Stump as the topic for his Sunday morning address, 11 o'clock, to the congregation of the Brethren in Christ church.

Bishop J. H. Wagaman will appear during evening services, 7:30 o'clock.

Ellis To Illustrate Sunday Sermon With Maps, Pictures

Illustrating his talk with pictures of the days of Moses and the Israelites, Lloyd E. Ellis, minister of the Upland Church of Christ, has chosen to speak on the subject, "Not a Hoof Left Behind", Sunday morning at 11:15 o'clock.

A special meeting for young people at 6:30 p. m., will be followed by an evening sermon at 7:30 o'clock on the subject "God's Plan in God's Order".

A NAVAL VICTORY: OVER COOKS

WASHINGTON, (AP) — Anybody in today's navy inclined to cuss out the cooks might look back a couple of centuries and see what qualifications were necessary in those days for a navy cook, suggests the magazine All Hands, the Bureau of Naval Personnel Information Bulletin.

In the old days the galley was a haven for sailors who had lost an eye or a leg in battle — and whether they could cook or not frequently was overlooked. Nevertheless it was an exalted position, for all men tried to get on the good side of "cookie" and it was often found that he could be bribed into giving double rations to the mess.

There was no refrigeration aboard ship in the olden days and foodstuffs spoiled easily. The cook's task was hard. Fresh meat was carried only in small quantities and fresh vegetables were

almost unheard of. When ships were in foreign ports, hunting parties were organized to seek fresh meat.

Local Residents To Alter Homes

Three permits for alterations of and additions to Upland homes were taken out yesterday.

Lewis Van Perge, plans extensive work on his residence at 240 East Fourteenth street, costing $1500.

Fred E. Serra, 458 North Euclid avenue, plans to expend $200 for alterations to his home, while Frank Blanton, 124 Gilmore drive, is scheduled to build a $2000 addition to his residence there.

Permit Totals Decline Here This Month

From a point of view of home building, August looms as a comparatively poor month.

In fact, current building totals, an informal compilation of records in Building Inspector Richard Derby's office reveals, threaten to be the smallest of the summer.

That, of course, is providing that a flood of new licenses aren't taken out late today or tomorrow, ot a strong probability.

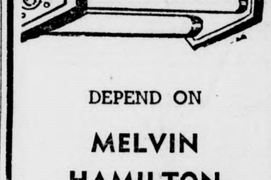

As of yesterday, the department had issued 36 permits, worth—unofficially—$68,737.

That is something like $10,000 to $15,000 less than the $80 to $90,000 average maintained in May, June and July.

Numbers of new homes have not declined markedly, however. A check of the records, shows that 12 are under construction on licenses issued this month.

Most, however, are in the $3500—$5000 class, with only one reaching $10,000.

BUILDING & REAL ESTATE

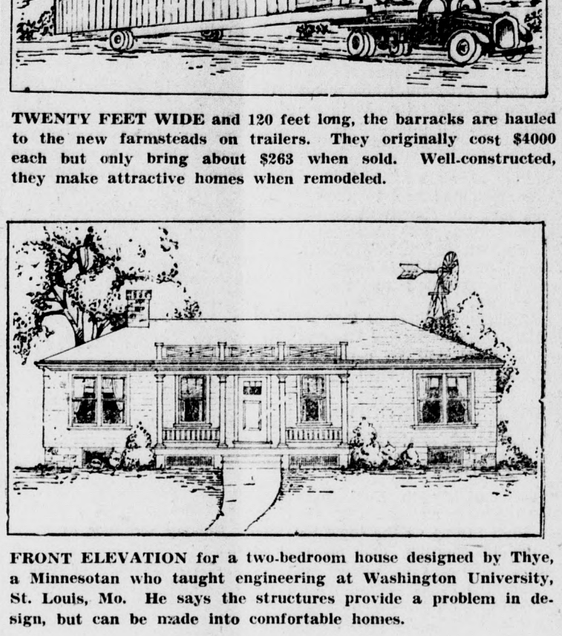

Barrack Room Ballad Of Home On The Farm

AP Newsfeatures

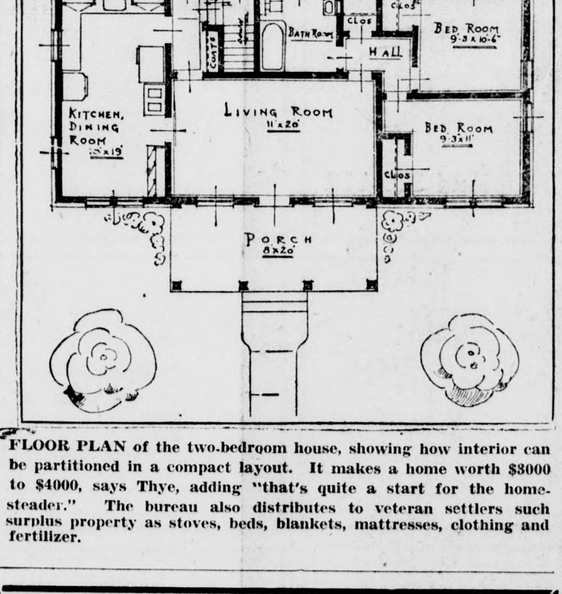

HOMESTEADS totaling 20,056 acres in California, Idaho, Montana, Washington and Wyoming have been awarded to 244 veterans by the Bureau of Reclamation in the past year. Another 181 men are sharing 16,439 acres being divided this summer in Arizona and Wyoming. Each gets two barracks buildings, free, from former war relocation camps.

TWENTY FEET WIDE and 120 feet long, the barracks are hauled to the new farmsteads on trailers. They originally cost $4000 each but only bring about $263 when sold. Well-constructed, they make attractive homes when remodeled.

FRONT ELEVATION for a two-bedroom house designed by Thye, a Minnesotan who taught engineering at Washington University, St. Louis, Mo. He says the structures provide a problem in design, but can be made into comfortable homes.

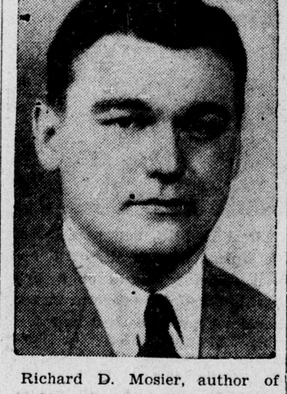

FLOOR PLAN of the two-bedroom house, showing how interior can be partitioned in a compact layout. It makes a home worth $3000 to $4000, says Thye, adding "that's quite a start for the homesteader." The bureau also distributes to veteran settlers such surplus property as stoves, beds, blankets, mattresses, clothing and fertilizer.

Plan Locker Plant Addition Here

Roy Van Hoy, owner of Van Hoy frozen food lockers, 1495 East Ninth street, has submitted plans at the office of Building Inspector Richard Derby for expansion of his business building at that address.

Mr. Van Hoy plans inclusion of a processing room at the plant.

AUTHOR OF THE WEEK
BY W. G. ROGERS

Richard D. Mosier, author of "Making the American Mind," a study of the idea and morals in the McGuffey readers, teaches education at the University of California. Born in Toledo in 1917, he has the degrees of B.Ed. from the University of Toledo, M.A. from Ohio State and Ph.D from Columbia. After serving as Marine lieutenant in World War II, he taught in Portsmouth and Toledo high schools and the University of Chicago, and was assistant at Teachers College, Columbia, and research associate in American history for the American Council on Education.

BACK TO SCHOOL

Building, Teacher Shortage Plague Schools On Eve Of Opening

SACRAMENTO, (AP) — California's school population, swollen by an unprecedented influx from other states and by tripled birth totals since 1933, will tax capacity of the state's schools this fall as they have never been taxed before, State Director of Education Roy E. Simpson declared today.

The first school crop of war babies will help to boost the enrollment in the 2,490 kindergartens, grade and high school districts some 95,000 over last year's 1,350,000 he estimated.

School statisticians foresee a 1952 peak enrollment which they think will make the throng following the Pied Piper in story books seem a small youth movement in comparison.

Here are the figures which Simpson expects to help bring a 7 percent increase this year:

In 1933 there were 75,035 new babies in California. In 1941 the total had climbed to 125,190. The stork made 179,123 stops in 1944 and in 1945 his tally was 183,412. Then, in 1946, came the jump to 215,000. And baby-business is booming higher this year, with 127,000 births recorded during the first six months.

As in Hamelin—where the kids followed the piper into a hillside—there will be resulting problems in California.

The teacher shortage continues acute—although some alleviation may come from the raising of the yearly minimum pay from $1,800 to $2,400. (Last year's average salary was $2,428 for the 26,724 elementary teachers and $3,159 for the 16,615 high school instructors.)

And there aren't enough school houses to provide room for desks to accommodate extra books and pencils. Most adverse conditions are on the fringes of larger cities where residential construction has been most marked. Some districts will utilize temporary buildings. Double-shift instruction days will also be necessary—making some first graders arrive at school in the dark at 7 a.m.

Natural gas can be converted to chemicals for solvents, antifreeze, plastics, rayon, fertilizer and other products.

CLUBHOUSE

By JIM BECKER
AP Newsfeatures Sports Writer

NEW YORK—Although the paying public exhibited a thorough lack of interest in their inaugural efforts, the unbowed owners of the revamped Basketball Association of America are facing next winter's pro cage campaign with hopes of a little better turnstile success.

Four of the 11 teams in the league last year have dropped from the circuit and Baltimore was added to the loop. The eight team setup should be a great improvement over the unwieldy arrangement of the first year.

However, some odd alignments have resulted from the shuffle of teams. Cleveland, Pittsburgh, Toronto and Detroit have dropped out. The "Western" division of the league now contains Chicago, St. Louis, Washington and Baltimore. The east will have New York, Providence, Boston, and the champion Philadelphia Warriors.

None of the teams in the circuit drew particularly well last season, although Washington and Chicago attracted some fair-sized crowds, and the Warriors developed a rabid fandom in the Quaker City. New York was particularly disappointing.

Each team will play 12 less games next year. The schedule calls for 24 home and 24 road tilts. The teams will play four games home and four away with each club in their own division, and three home and away with the others.

Some new faces will dot the lineups of the eight squads, and the top players of the disbanded teams have been distributed to the weaker clubs. Most interesting of the newcomers is tiny Wat Misaka, Japaanese-American lad, who has been signed by the New York Knickerbockers. Misaka was the spark of the gallant Utah team which tamed Kentucky in the Madison Square Garden tourney final. Always the darling of the crowds, the lightning-fast Misaka may perk up the Knicks at the gate.

Washington, a team that pulverized the league and then folded in the playoffs, will be even stronger than last year. The Capitols have added Dick O'Keefe of Santa Clara, rated among the very best on the Pacific slope last year, and Jack Tingle of Kentucky.

Philadelphia, which vanquished Washington in the playoffs, has added Chink Crossin of Penn, to their already potent squad. The Warriors will be led by sensational Joe Fulks, who poured in points at the rate of 23.1 a game last season to eclipse all pro scoring records.

The league player limit has been dropped from 12 to 10. The teams will continue to play four 12-minute quarters. Reasoning behind the dropping of two players at home—squads will be cut to nine players while traveling—is that most of the teams played only six or seven men during last season. The others only collected splinters.

The BAA is the second of two "major" pro basketball leagues operating in the nation. The National league, centered in the midwest, is the other... The two leagues have established working agreements and cooperate in a draft system.

In addition, there are five "minor" pro cage circuits operating. Chief difference between the majors and minors, besides salary, is that the majors sign their players to exclusive playing contracts which stipulate the player must only play basketball. Players in the minors may hold outside jobs if they wish.

WON 13th ON 13th

No. 13 may be a jinx to some, but Anna May Hutchinson, star pitcher of the Racine Belles of the All-American girls baseball league, thinks it is plenty OK. She sports that number on the uniform, and recently notched her 13th league win on the 13th.

New Tuna Spawning Area Believed Found Near Central America

ASTORIA, Ore. (AP)— A tuna spawning area—never before located in Pacific waters—was believed today to have been discovered in the Pacific ocean off Central America.

Callaway Leads Mates To 6-2 Win In Finale

BY DON EENSON

Glenn "Cab" Callaway, the "Ole Man River" himself, pitched the Ontario Rockets to a solid 6 to 2 win over the Riverside Packers last night in the deciding game of their Shaughnessy play-offs.

This loss eliminated Riverside from the race, as the Rockets came from behind in their series play, winning their last three games.

Callaway, in notching his all-important win, allowed four hits, fanning eight, while walking two.

Sully Wasmuth, pepper-pot second sacker, opened the game by hitting Al "Red" Strickland's second pitch for a mighty home run smash into left-center field.

The Rockets scored three runs on one hit, plus an error in the third. Callaway singled, was safe on Wasmuth's fielder's choice ball at second. Norris Hanna's tap to Strickland left Strickland confused as he belatedly thought it over and held onto the ball, loading the bases. This faux pas unnerved him so he walked Escarsega to force in Callaway. Rex Hannah flied to center, with Wasmuth scoring, while Norris Hanna came in on Hull's fly.

Riverside came to life in the fifth with a bang. Bruce Wilson was safe on Wasmuth's wild throw. Malcolm Keyes doubled. Weiser popped to the catcher but De Pyssler's easy fly went over Norris Hanna's noggin, with both runners scoring. Callaway then walked Parma and Andrews to fill the bases with only one out. Drake popped out to short, then Callaway got out of his hot water by fanning Jack Grant, leaving the bases still loaded but harmless!

The Rockets "iced" the contest in their part of the fifth, scoring twice on hits by Hull and Wasmuth, plus another error.

Callaway sent the Packers down 1-2-3 in the last three innings.

Al "Red" Strickland, the one-man team, pitched his usual brilliant game, but three glaring errors cost him three runs, while he walked in one run. Red fanned six, gave up a skimpy seven hits, while walking three.

The Rockets will play the San Berdoo Prop Room tonight at 8 o'clock, at Perris Hill park, San Bernardino. This will be the first game of the final play-offs, with the winner meeting the winner of the National league. Jeff Benner will probably pitch tonight's battle royal, with either Bill Davis or Frankie Meriscal on the hill for the Prop Room.

BAMBINO HOPES MIZE MAY SMASH RECORD

LOS ANGELES. (AP) — George Herman (Babe) Ruth, the greatest home-run hitter of them all, said today he hoped Johnny Mize of the New York Giants sets a new record for round-trippers this season.

"After all, records are made to be broken," Ruth, who set the all-time mark of 60 in one season, told newsmen. "I'd like to see Mize do it, and it looks as if he had a great chance."

Ruth is here in connection with the American Legion junior baseball tournament.

SCHEDULE

Tonight: IOOF vs. Fleetmasters, 7. Ontario Legion vs. Pirates, 8:30.
6 Saturday: Shady Grove vs. Badgers (exhibition), 8.

Smithmen Draw Soft Touch

Kenny Smith's league leading Upland Merchants will close out their regular season Sunday afternoon when they meet the San Bernardino Lions club in the league finale at Perris Hill park. Game time is 3:30.

If the Smith's can get by the Lions—and it'll be a miracle if they don't—only a playoff with the Fontana JayCee, first half champs, stands between them and the league title.

Sunday's opposition should be among the softest the locals have encountered all season. The Lions have been a solid second division outfit all year. Currently they boast a 2-4 record, which is better than they did in the first half, when they whipped only the hapless Y's men.

Between race meetings Hirleah's running strip is covered with straw and planted in cow peas and velvet beans to prevent erosion.

DUCK BAG LIMIT

WASHINGTON. (AP)—The fish and wildlife service informed hunters today even if they go to Canada or Mexico for the shooting, they cannot bring back more ducks and geese than the U. S. legal limit.

The hunting season in some areas of Canada, as in parts of the United States, will open next Monday. Mexican seasons, corresponding somewhat to those in the southern states, begin generally in December or January.

Boost Cromwell For Olympics

LOS ANGELES. (AP) — Dean Cromwell, Southern California track coach, who is being touted for the 1948 American Olympic coaching job, has received support from one of the few coaches who has been around longer.

Joe Pipal, retired Occidental college mentor, who started in 1904, said "Cromwell is accustomed to coaching champions—that certainly should qualify him for the Olympics." Pipal himself coached the Czechoslovakian team in the 1920 Olympics and helped with their training in 1932.

Mize Clouts No. 44 To Defeat Cards

By The Associated Press

Johnny Mize definitely is aiming his big bat at Babe Ruth's home run record of 60. He has 44 counting his circuit clout yesterday which enabled the Giants to defeat the St. Louis Cardinals for the second straight time 6-5 and plummet the Redbirds down to seven games in back of the Brooklyn Dodgers. Mize needs 17 more to establish a new mark and currently is five games ahead of the pace Ruth set in his record-breaking 1927 season.

Brooklyn defeated Chicago 6-2 at Ebbets field. They finished off Hank Wyse with four runs in the first inning.

The third place Boston Braves moved within one game of second by taking both ends of a double-header from the Cincinnati Reds 8-7 and 3-2 in Boston and had to go 16 innings to win the first game.

Schoolboy Rowe pitched the Philadelphia Phils into a virtual seventh place tie with Pittsburgh by shutting out the Pirates 7-0 in Philadelphia.

Manager Steve O'Neill of the Detroit Tigers levied a $250 fine on Hal Newhouser after the Tigers' ace hurler refused to leave the mound when O'Neill signalled him that he was through in the third inning of the game against the Boston Red Sox. The Red Sox won 13-3.

Pitcher Joe Haynes won his own game when he singled in the winning run in the 12th inning as the Chicago White Sox defeated the Indians 4-2 in a night game in Cleveland.

The Yankees, Washington Senators, Philadelphia Athletics and St. Louis were not scheduled.

Beavers Sink Angels, 7-1

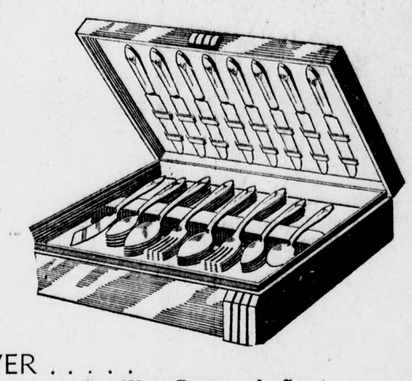

By The Associated Press

The fighting San Francisco Seals again are only 2½ games back of the Coast league-leading Los Angeles Angels.

The Seals let Seattle score three runs in the first of the tenth last night, then came back with a four-run blast started by Hugh Luby's homer and ended by Ted Jenning's pinch single, to take a 6-5 thriller. Jack Brewer went the route for the win. Bill Posedel, second of three Rainier pitchers, was the loser.

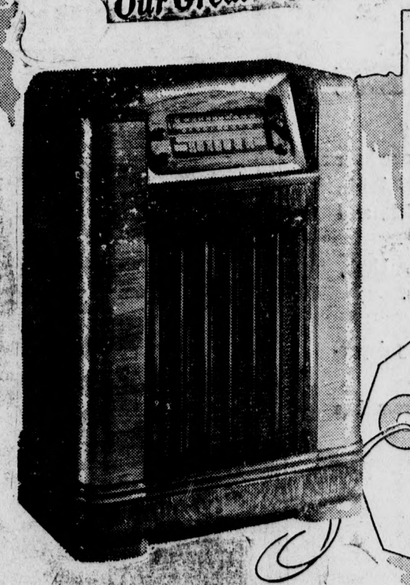

HOUSTON, Tex. (AP)—A young motorcyclist riding his motorcycle from Whittier, Calif., to Houston was fatally injured Saturday night just a few blocks before he would have entered the city limits here. He was Robert Frank Morales, 22, of Whittier.

Palomar, Key To The Universe

'Big Inch' Telescope May Reveal How Life Is Born Out of Chaos

(Third of three stories on the world's largest telescope being erected on Palomar Mountain.)

By RALPH DIGHTON
AP Newsfeatures

PASADENA, Calif.—The 200-inch Palomar Mountain telescope, now almost ready to go into operation, is expected to find answers to the most thought-provoking questions of our age.

The secret of human existence on this earth, and the possibility of life on other planets, may be solved by the Palomar instrument, believes Dr. Edwin Hubble, Mount Wilson Observatory staff astronomer.

As chairman of the research committee of the Observatory Council of the California Institute of Technology, Dr. Hubble even now is heading up efforts to establish a working program for the new telescope. The order of importance has not been determined, he says, but typical problems the 200-inch will attack include:

1. Are there canals on Mars? Some, but not all, photographs of Mars show fine dark lines crossing at points arbitrarily called oases. They first were reported 70 years ago, and scientists have argued about them off and on ever since.

"If those dark lines are really canals," says Dr. Hubble, "they almost necessarily imply the existence of intelligent beings on Mars. The 200-inch should settle the question."

2. What are stars made of, and how were they formed? Analysis of light from other planets indicates, by comparison with reflections and radiations from earthly elements, the composition of those stars.

"This data," Dr. Hubble says, "bears directly on theories concerning the origin of chemical elements, the past history of the universe, and its future evolution."

In other words, by the study of worlds younger and older than our own, science may be able to observe over the years just how life itself is born out of chaos.

Scientists believe the secret of the phenomenon of life may be found somewhere in the realm of nuclear physics. When the nucleus of an atom disintegrates, a tremendous amount of energy is released. This disintegration, or explosion, in turn may explode the nucleus in an adjacent atom, setting off a chain reaction. That is the how of the atomic bomb.

"We are trying to account for the fact that stars have been radiating energy, in the form of light and heat, for billions of years," says Dr. Hubble. "We have supposed that the stars must be disintegrating. The 200-inch will tell us whether they are or not."

3. Is the universe expanding? This is perhaps the most spectacular and far-reaching problem faced by astrophysicists. Answering it will call for detailed knowledge of the structure and behavior of the entire universe.

The biggest pre-Palomar telescope is the 100-inch on Mou Wilson. Studies with the 100-inch and other scopes show that light changes color as stars traveling at great speeds change the distance between themselves and earth. A shift to red, noticed in observation of the more distant stars, indicates those stars are receding—in other words, that th universe is expanding.

"The 200-inch, being more powerful, should let us confirm or discard that theory," Dr. Hubble says.

The Mount Wilson telescope reaches out into space 500,000-000 light years. A light year is a measure of the distance which light, with a speed of 186,000 miles a second, travels in a year. The Palomar telescope is designed to photograph whatever may lie beyond that range—up to a billion light years away.

Millions of galactic systems, many of them larger than our own Milky Way, have been counted in the range of the 100-inch. Their relationship to each other in space is fairly well known. The 200-inch will show whether a similiar pattern exists farther out in space.

This is why that is important: such sysetms are known to be somewhat similiar in pattern to the whirling components of an atom. There is always the thought that if man could see far enough out into space, he might discover some macrocosm which would dwarf the earth as the earth dwarfs an electron.

Dr. Hubble cautions, however, that no great discoveries can be expected immediately after the 200-inch goes into operation.

"The true importance of what we see through the Palomar telescope," he says, "will be discernible only over a long period of years."

Says Nazis Being Recruited In Spain

FRANKFURT (AP) — Army sources said today there were "several indications" that Germans — particularly former Nazi SS men—were being recruited in occupied Germany for a supposed Spanish foreign legion in Franco's Spain.

Council Acts On Hangars, Delays Airport Lights

(Continued from Page one)

cil has no assurance at the present that the city would derive any income from additional lighting, whereas more hangars could be rented to increase the revenue.

Counter arguments emphasized that adequate lighting would make it possible for airlines and private users of the field to demand that the C.A.A. install a radio range, described as a necessary adjunct to any large airfield.

Adequate lighting, backed up by a radio range would greatly enhance the value of the field for other airlines, as well as private plane owners.

At the present the Pacific Overseas Airline is the principal big user of the field. The incident of having to land one of its big ships at Palmdale Monday night because of the inadequacy of the lighting at the Ontario airport is an unfavorable commentary of the field, otherwise described by Dorney as "superb".

George Sanford expressed the feeling that giving the best possible service to present users of the field would result in others being more likely to seek its use. The airport manager also hinted that P.O.A. might find it necessary to shift its operations to another field unless the International Airport is adequately equipped with high intensity illumination.

The discussion was ended by Councilman Arnold, who declared that he would demand immediate construction of additional hangars.

It is to be hoped that the waiver of additional lighting in favor of more hangars does not result in a ghastly crack-up entailing the loss of human lives on some dark night in the future.

NO HANDS ON THE CLOCK

PHILADELPHIA (AP) —The clock atop city hall tower--long a fixture in the Philadelphia commuters' world-- is losing face.

The hands of the huge time piece were stilled for 20 minutes recently by a mechanism failure, creating a flurry of excitement in downtown offices when workers sauntered in late.

Fossil findings show that turtles have existed on earth for one hundred million years.

Super Airplanes Seen As Guard For U.S. In Event Of Conflict

WASHINGTON. (AP) — Faster, faster, faster they scorch through the air.

At the beginning of summer the world speed record was 616 miles an hour, held by the British. In June, a U. S. army air forces officer flew 623.8 miles an hour. A week ago a navy man flew 640.7. A day later a marine flew 650.6.

Before long they will reach the speed of sound.

Why do they do it? Hasn't the world had enough of crazy speed? Is it a stunt, a daredevil thrill, an army-navy sports contest?

No indeed.

America's best aeronautical minds are engaged in a serious, studious, scientific drive to push plane speeds higher, for two main reasons:

1. The possibility of war. Whether we have faster planes than the other fellow could be the difference between victory and defeat.

2. Civilian needs. Even without the military factor, there is no limit to the world's demand for speed. Just call it speed for people's convenience.

The navy, army and plane manufacturers have important roles.

The basic scientific facts, on which all else depends, come from the National Advisory Committee for Aeronautics (NACA).

The NACA is a government agency, created in 1915 when the world plane record was 126 miles an hour.

For 32 years it has provided the data for the development of American planes. If owns huge wind tunnels. It shoots guided missiles out over the Virginia Capes. It has 15 engineer test pilots—not dare-devils, but scholars. It is one federal agency which gets all the money it asks from Congress.

The speed scholars don't intend to stop when airplanes are zipping at superconic speeds—that is, past the speed of sound. They want to push planes to 800, 900, 1,000 miles an hour, and faster.

CARS GO UP

DETROIT. (AP) — Price increases ranging from $92 to $200 on all current auto models produced by the Packard Motor Car Co. went into effect after the company disclosed a deficit of nearly two million dollars in its operation for the first half of 1947.

Keep Horses Off Streets

HUNTINGTON, W. Va. (AP)—Dobbin will be kept off Huntington streets during the daylight hours of the summer months if city council approves a proposed ordinance.

Councilmen explained the shoes of horses were digging holes in the city's new blacktop street pavement during warm weather.

Reds Setting Up Military Courts On Greek Soil

ATHENS (AP) —Guerilla fighters in northern Greece were, by their own account, setting up people's courts in their territory today under a temporary military regime represented as the forerunner of a "provisional Democratic government."

Their so-called "Democratic army" said in a radio broadcast yesterday these courts, of three members each under a people's commissar, would handle cases calling for sentences of up to five years' imprisonment, while military courts would handle more serious cases.

This report came from the same station that last Friday night broadcast that Communist Gen. Markos Vifiades, Guerrilla commander, had taken up the administration of a "Democratic government" from his headquarters until a provisional government could be formed with a "popular national assembly."

FALL SCHEDULES
EFFECTIVE SEPTEMBER 1

The Daily Streamliner "CITY OF LOS ANGELES"
Only 39¾ hours enroute.

No change in Daily Eastbound schedule: lv. Riverside 6:12 P.M. and arrive Chicago 10:45 A.M.

Westbound: leave Chicago five minutes earlier, at 7:15 P.M. and arrive Riverside 7:40 A.M.

STEWARDESS SERVICE.

The LOS ANGELES LIMITED will be one hour faster to Chicago. New departure from Ontario will be at 1:06 P.M., and arrive Chicago 2:30 P.M. Only two nights enroute.

The UTAHN—Streamliner "City of St. Louis" will be one hour faster to Denver, Kansas City and St. Louis. Lv. Ontario 10:33 A. M., arrive Denver 7:45 P. M. next day, Kansas City 7:45 A. M., and St. Louis 12:50 P.M.

The Utahn carries Standard Pullman to and from Cedar City, Utah, for tours to Zion-Bryce Canyon-Grand Canyon National Parks.

The PONY EXPRESS—No change in convenient evening departure at 6:00 P.M. from Los Angeles.

The popular over-night air-conditioned Pullman to and from Las Vegas is on the Pony Express.

All trains carry standard Pullmans, modern Coaches, Club-Lounge and Dining Cars.
